

# Introducing ComPsych® Huddles

## Online Groups for your Well-Being Journey

Everyone's health and well-being journey is different. We each have our own individual preferences and care needs. Sometimes, however, our own journeys can benefit from the support and insights of a community of individuals with similar interest and well-being goals. That's what ComPsych® Huddles are all about.

ComPsych® Huddles are interactive online groups focused on education, skill building and peer connection. They provide a space to learn and grow in ways meaningful to our own journeys while helping others to do the same. Huddles cover a range of well-being topics, including:

- Self-Care and Resiliency
- Everyday Mindfulness
- Relaxation Techniques
- Improving Sleep
- Nutrition 101
- Personalize Your Physical Activity
- Mood Management
- And more

Huddles are led by our highly experienced staff of licensed counselors and certified well-being coaches who offer evidenced-based information on the topic. They also lead participants in discussions and offer live skill-building practices when appropriate. Participants are encouraged to share experiences and helpful tips with others in the Huddle.
